

ONLINE JUDGING

Technovation judges provide motivational and encouraging feedback to over 10,000 girls from ~50 countries around the world

ROLE OF A JUDGE

- **review at least 5 submissions** from our 3 divisions
- **offer feedback** and encourage teams to keep building
- **contribute to our World Summit**
 - scores you give, help determine the top 15 Technovation Girls to pitch
 - help strengthen team pitches

WHAT TO EXPECT

- Technovation **provides an online training**
 - includes a program overview and guidance for providing feedback and scores
- Take a look **past projects** in our [Project Gallery](#)

TIME COMMITMENT

- Each submission takes 30-60 minutes to review
- 45 minutes online training provided by Technovation
- Judging is virtual!
- Log-on when it is convenient for you

Total: 3+ hours

Judging takes place

- Quarterfinals
 - **May 1 - 28, 2024**
- Semifinals
 - **June 4 - 18, 2024**

WHAT IS TECHNNOVATION Girls

Technovation Girls equips young women (ages 8-18) to become tech entrepreneurs and leaders. With the support of volunteer mentors, girls work in teams to code mobile apps and AI solutions that address real-world problems.

Submissions to the Technovation Girls competition will reflect the culmination of months of work and learning from our participants across the world as they learn about mobile technologies and AI.
